How the Authority Operates

The Authority is composed of 22 members, all of whom must be a Councillor elected to one of the five constituent district councils within West Yorkshire, as described in Article 2.1. The overriding duty of Members of the Authority is to the whole community of West Yorkshire.

Members have to agree to follow an approved Code of Conduct designed to ensure high standards in the way they undertake their duties.

All members meet together as the Fire and Rescue Authority. Meetings of the Authority are normally open to the public. Members decide the Authority's overall policies and set the budget each year. At the annual meeting they make appointments to the various committees.

How Decisions are Made

The Authority has ultimate responsibility for decision making but has delegated many decisions to committees and officers as described in this constitution.

The Authority's Staff

The Authority has people working for it (described as "officers") to give advice, to implement decisions and, to manage the day to day delivery of its services. The most senior officers will be described as "Executive Officers" in this Constitution. Some officers such as the Monitoring Officer have a specific statutory duty to ensure that the Authority acts within the law. A Code of Practice (Member Officer Relations Protocol) has been approved to govern the relationships between officers and members of the Authority.

Citizens' Rights

Citizens have a number of rights in their dealings with the Authority. These are set out in more detail in Article 3. Some of these are legal rights whereas other rights depend upon the Authority's own processes. Citizens' rights include the following:

The right to attend meetings of the Authority and its committees and sub-committees except where for example personal or confidential matters are being discussed.

To inspect agendas and reports, except those which contain for example personal and confidential matters.

To obtain a copy of this constitution.

To see reports and background papers (save for exempt confidential items) and to see records of decisions made by the Authority and its committees and sub-committees.

- 14.5 Time records and other pay documents must be maintained in a manner approved by the Chief Finance & Procurement Officer and be certified by the Executive Officer concerned or other Authorised Officers. The names and specimen signatures of all Authorised Officers must be supplied to the Chief Finance & Procurement Officer and be updated promptly whenever necessary.

Such accounts are to be prepared annually, and at the completion of the purpose for which the fund was set up.
- 17.5 The Chief Finance & Procurement Officer is to have access to any records

relating to such funds, and be informed immediately of any irregularities which arise in connection with them.

18 PURCHASING OF WORKS, GOODS AND SERVICES

Orders

- 18.1 Before any official order is issued for goods, work or services, the relevant Executive Officer or other Authorised Officer must ensure that:-
- (i) the goods works or services are necessary for the discharge of the responsibilities of the Authority;
 - (ii) sufficient budget is available to fund the expenditure; and
 - (iii) contract standing orders (which apply to all purchasing irrespective of value) have been complied with fully.
- 18.2 Official orders shall be in a form approved by the Chief Finance & Procurement Officer and Chief Legal & Governance Officer.
- 18.3 Executive Officers are responsible for all orders issued. Electronic and paper orders must only be issued and if necessary signed in manuscript, by officers authorised by the Executive Officer concerned. The names and specimen signature of these officers shall be supplied to the Chief Finance & Procurement Officer and be updated promptly whenever necessary.
- 18.4 Except where there is a formal contract, in which case work instructions and orders must conform with the provisions of the contract, official orders will be issued for all work, goods or services to be supplied to the Authority, except for supplies of continuous services (such as utilities), statutory taxes, petty cash purchases or such other exceptions as the Chief Finance & Procurement Officer may approve. Orders must clearly indicate the nature and quantity of the work/services/items/supplies required, any related contract or agreed prices, discounts receivable and dates or periods of delivery.

- 18.8 All discounts available from a supplier are to be taken as a deduction against the cost of goods purchased and must appear on the invoice. Where a supplier provides any free item, or discount is available in the form of goods, these are the property of the Authority.

Management of Suppliers

- 18.9 Supplies of a similar type should be procured together and orders should not be split or aggregated for the purpose of avoiding the requirements of contract standing orders. In the case of orders below £12,000, Officers should keep an annual total of works allocated to specific contractors to ensure that the competition limits are not breached.
- 18.10 In respect of each order or contract for construction work, and any order or contract for services exceeding £12,000, the Executive Officer concerned must appoint an Authorised Officer, directly employed or otherwise, to carry out supervision of the contract. Any contract or order engaging an external adviser or consultant must be in accordance with these Rules.

Specification

- 18.10 In respect of each order or contract exceeding £12,000 to be let, the Executive Officer responsible must prepare or agree a written brief stating the objective of the order or contract and the sources of funding to meet the estimated cost of the project. Unless otherwise agreed with the Chief Finance & Procurement Officer, the Authorised Officer must prepare a specification which will indicate relevant issues for the supply, (for example type, quantity, quality, time, location, occasions), and the risks and obligations placed on the supplier. Specifications should set outcomes or outputs, and be prepared on a generic basis and not include named products except where this can be justified on technical grounds. They should be prepared in a way which is likely to bring about the most economically advantageous solution whilst ensuring compliance with minimum statutory requirements and Authority policy. The specification may only be altered on the basis of written instructions from the Executive Officer concerned, who must justify the reason for change and additional sources of funding.

Variations

- 18.11 The Authorised Officer may, subject to the provisions of the contract, make any variations essential to the achievement of the objectives of the contract but must have regard to the budget provision. The Authorised Officer must not issue any variation likely to increase the approved cost of the project without the written agreement of the Executive Officer responsible, who must state the authority and source of financial provision for the additional expenditure.
- 18.12 Every variation must be authorised in writing by the Authorised Officer immediately the extra or variation is agreed.

Overspending

- 18.13 Any variation to a contract which results or will result in additional costs being incurred on a contract of more than 5% of the contract sum will be reported to the Executive Officer concerned and the Chief Finance & Procurement Officer as soon as practicable. The Executive Officer concerned must report specifically on all such variations to the appropriate committee.
- 18.14 The Executive Officers must ensure that a Contract Register is kept which shows details of all payments made against any contract. Any payments

on account to contractors against a formal contract are to be made only on an approved certificate issued and checked by the Authorised Officer which must be passed to the Chief Finance & Procurement Officer.

- 18.15 The certificate authorising final financial settlement of any contract above £100,000 will not be issued until the appropriate officer has produced a detailed statement of account and all necessary supporting documents, and these have been agreed by the Chief Finance & Procurement Officer, and the final payment agreed by the Executive Officer who is the budget holder carrying out the project.

Claims

- 18.16 All claims (or prospective claims) from contractors for loss and expense will be considered by the Authorised Officer who will immediately advise the client Executive Officer and they will consider jointly methods for cost reduction to achieve the budgetary provision.
- 18.17 The Executive Officer who is the budget holder of the project and the Chief Finance & Procurement Officer must be consulted in respect of any claim (or prospective claim) from a contractor for loss and expense.
- 18.18 The Executive Officer concerned will report in detail to the Finance & Resources Committee if the financial consequences of the claim cannot be accommodated within the approved project budget.
- 18.19 Any claim from a contractor outside the terms of the contract, or under any statutory instrument or any claim for an ex-gratia payment will be jointly considered by the Chief Legal & Governance Officer, Chief Finance & Procurement Officer and Executive Officer concerned before any recommendation is made to the appropriate committee.

19 PARTNERSHIP WORKING

Financial Control of Partnerships, Joint Ventures, Associated Organisations and Similar Arrangements

Working in Partnership with Associated Organisations

The Chief Finance & Procurement Officer is responsible for promoting and maintaining the same high standards of financial administration in partnerships that apply throughout the Authority, or advising the Authority where he is aware that arrangements within a partnership are in conflict or uncertain compared with practices adopted by the Authority.

The Chief Finance & Procurement Officer must ensure that the accounting arrangements to be adopted relating to partnerships and joint ventures are satisfactory and must:

- (i) consider the overall corporate governance arrangements and legal issues when arranging contracts with the partner / joint venture or associated organisation.
- (ii) ensure that the risks have been fully appraised before agreements are entered into with the partner / joint venture or associated organisation.

Executive Officers must ensure that in all grant agreements, contribution to partnerships and where appropriate, in agreed contracts for the supply of works, goods and services, the Chief Finance & Procurement Officer has access to the accounts, records and all other documentation, and is entitled to seek explanations from officers of the funded organisation regarding the deployment of the Authority's funding payment.

Partnership is defined as: any organisation with which the Authority has a formal or informal agreement to act together.

The Director of Service Delivery will maintain a register of all partnerships in accordance with the Authority's Partnership Policy.

Intentionally Blank

PART 4 – ANTI FRAUD, THEFT AND CORRUPTION STRATEGY AND RESPONSE PLAN

1 INTRODUCTION

1.1 Definitions:

- **Fraud** is the intentional making of false statements, or the amendment of records in order to deceive.
- **Theft** is the dishonest appropriation of property belonging to someone else with the intention of keeping it permanently.
- **Corruption** is the use of authority, action or advice in order to prevent or distort a decision.

1.2 All are normally for the purpose of personal gain. They may involve others, outside the organisation, through the making of false statements, or corruption by bribery of those within the organisation to seek to influence the decision making process.

1.3 Fraud, Theft and corruption can affect the Authority in two ways:

- from its employees, members, suppliers and trade customers
- from recipients of services

1.4 The Authority is committed to an effective anti-fraud, theft and corruption strategy designed to:

- encourage prevention
- provide deterrence
- promote detection, and
- identify a clear pathway for investigation

1.5 The Authority's expectation on propriety and accountability is that Members and employees at all levels will lead by example, by ensuring adherence to rules and that all procedures and practices are beyond reproach and are perceived to be so.

The Authority expects that individuals and organisations that it comes into contact with will act towards it with integrity and without thought or actions involving fraud, theft or corruption.

However, the Authority is aware that a small minority may attempt to act fraudulently and corruptly, and it is against those individuals and organisations that this strategy is directed.

1.6 The Authority will take action to prevent, detect, investigate and act upon fraud, theft or corruption of any kind.

1.7 The Authority will publicise the Anti-Fraud, Theft and Corruption Strategy and Response Plan to promote awareness of its stance and approach.

1.8 This document complements many other Authority policies and codes of

practice, in particular it is linked to the Authority's Whistleblowing Policy. It has different parameters of applicability, as whilst it refers only to fraud, theft and corruption, it seeks to engage not only employees but also the local community, Authority suppliers and others.

This document therefore contains:

- An Anti-Fraud, Theft and Corruption Strategy
- A Fraud and Corruption Response Plan
- A Code of Practice for Employees and a copy of the Authority's Whistleblowing Code
- A Code of Practice for Managers
- Useful Contacts and Information

2 ANTI-FRAUD, THEFT AND CORRUPTION STRATEGY

2.1 Culture

2.1.1 The Authority is determined that the culture and tone of the organisation remains one of honesty and opposition to fraud, theft and corruption.

2.1.2 There is an expectation and requirement that all individuals and organisations, associated in whatever way with the Authority, will act with integrity and that Members and employees at all levels will lead by example.

2.1.3 The Authority's employees are an important element in its stance on fraud, theft and corruption and they are positively encouraged to raise any concerns that they may have, either within the organisation or externally, in the knowledge that such concerns will be treated in confidence and investigated properly and thoroughly.

Normally employees should speak first to their line manager. If however an employee feels that the matter cannot be resolved by talking to the line manager,

(e.g. if they are believed to be involved), then they should speak to a more senior manager, or their Executive Officer. If necessary, other routes may be to speak to one of the Authority's Whistleblowing Officers, who are the Chief Legal & Governance Officer and the Chief Finance & Procurement Officer.

2.1.4 Genuine mistakes will occur. It is important to differentiate between such errors and intentional abuse of a system. Each case must be considered on its merits.

2.1.5 Whilst the Authority is grateful for all genuine complaints, even if they prove to be unfounded, abuse of this process by any employee or Member of the Authority raising false and malicious allegations will be a serious matter which may result in disciplinary action being taken.

2.1.6 Executive Officers are responsible for following up any allegation of fraud or corruption received.

2.2 Prevention Procedures for Preventing Internal Fraud & Theft

2.2.1 The Authority recognises that a key preventative measure in the fight against fraud, theft and corruption is to take effective steps at the recruitment stage to establish, as far as possible, the previous record of potential employees in terms of their propriety and integrity. Recruitment is required to be in accordance with procedures laid down by the Chief Employment Services Officer. Managers should obtain written references regarding any dishonesty or potential employees and take this into account before employment offers are made.

2.2.2 The Authority has adopted Financial Procedures Rules and Standing Orders intended to promote the efficient and effective operation of its business in a way which ensures probity, openness and minimises the risk of fraud and corruption. These Rules must always be followed.

2.2.3 Every effort is made to continually review financial systems and processes in line with best practice and to ensure adequate and effective internal controls. Each Executive Officer must ensure that adequate systems of internal checks and controls operate within activity areas for which they are responsible and that these systems are checked regularly and recorded.

2.2.4 Team working rather than individual action tends to promote openness and make fraud more difficult. The use of alternative control systems and monitoring may help to deter and detect inappropriate behaviour, particularly where it arises through collusion.

2.2.5 It is the responsibility of all employees to declare openly and in writing that they have, or may have, a personal pecuniary or non pecuniary interest in a decision which is taken by them, or to be based on advice which they give. Any Authority guidance on personal conduct and statutory codes must be followed at all times. For example, the Authority has a policy that membership of secret societies must be declared.

2.2.6 If employees are not clear about their roles or responsibilities they may act unwittingly against the Authority's interests. Clear processes and procedures should therefore be established, written down and be made freely available.

2.2.7 In the event of any uncertainty about procedures, employees are encouraged to seek guidance and advice from management before, rather than after, the event, for example in connection with the acceptance of hospitality and gifts.

2.3 Detection and Investigation

2.3.1 Preventative systems, particularly internal control systems, within the Authority have been designed to provide indicators of fraudulent activity. These systems should, in themselves, be sufficient to

deter fraud. Regular reviews of all systems will be undertaken by Internal Audit.

- 2.3.2 It is often the alertness of employees and the public which provides evidence that fraud or corruption may be in progress, and enables detection.
- 2.3.3 Despite the best efforts of the Authority's staff, many frauds are discovered by chance or 'tip off' and the Authority will be receptive to such information, enabling each instance to be dealt with properly.
- 2.3.4 The Authority will also use data comparison techniques internally, and with other agencies where appropriate, to indicate potentially fraudulent or inappropriate activity.
- 2.3.5 Depending on the nature and anticipated extent of any allegation, the Authority will investigate suspected irregularity, fraud and corruption. Internal Audit will work closely with management and other agencies in the investigation of allegations about employees, Members, suppliers or service recipients.
- 2.3.6 The Authority will always seek to recover any payments made incorrectly, or income under-recovered as a result of fraud or corruption.
- 2.3.7 The Authority's Disciplinary Procedures may be instigated if the outcome of an investigation indicates improper behaviour by employees. In cases where a crime is suspected the matter may be reported to the Police.
- 2.3.8 Any fraud, theft or corruption involving professionally qualified individuals may, where relevant, be reported to the appropriate disciplinary mechanisms of their institute or association.

2.4 Training

- 2.4.1 The Authority recognises that the continuing success of this Strategy and its credibility will depend largely upon the effectiveness of programmed training and the responsiveness of employees throughout the organisation.
- 2.4.2 To facilitate this, the Authority supports the concept of induction and training, particularly for employees involved in internal control systems, to ensure that their responsibilities and duties in this respect are regularly highlighted and reinforced.
- 2.4.3 Investigation of fraud and corruption centres on the Authority's Internal Audit function. Individuals involved in this work should also be properly and regularly trained in all relevant aspects, and the Chief Finance & Procurement Officer will ensure that the training plans of such officers reflect this requirement.
- 2.4.4 All Managers have an obligation as part of employee induction training, and regularly thereafter, to brief employees on individual responsibilities as regards this Strategy, fraud and corruption in general and the action to be taken when it is suspected, including ensuring that operations achieve adequate levels of internal control.

2.5 Resourcing

- 2.5.1 Annually the Authority will ensure that sufficient resources are devoted to fraud prevention and detection.
- 2.5.2 All Executive Officers will ensure that sufficient resources are devoted to achieve adequate levels of checking of documentation, invoices, records, claim forms, and supporting evidence and internal check and controls.
- 2.5.3 The Chief Finance & Procurement Officer will ensure that the internal audit plan provides sufficient resources to monitor detection and investigate fraud, and to achieve coverage of operational systems and practices.

3 FRAUD, THEFT AND CORRUPTION RESPONSE PLAN

3.1 Introduction

Whilst the Authority is committed to the values of probity and accountability, perpetrator may well find a way around systems and procedures. It is therefore necessary for all managers to be aware of what is required in the event of detecting or being notified of a suspected fraud.

This document sets out how employees, Members or others who wish to notify any suspicions should do so, and also how Authority employees should respond.

3.2 Notifying Suspected Fraud

3.2.1 Suspected fraud can be discovered in a number of ways. It is important that everyone is aware of how concerns should be reported, secure in the knowledge that such concerns will be treated in confidence and properly investigated.

3.2.2 If any member of the public has concerns about fraud, theft or corruption within the Authority the problem should be reported to one of the following:

- Chief Executive/Chief Fire Officer
- Chief Finance & Procurement Officer
- Chief Legal & Governance Officer
- Any Member, and

for any allegation relating to Members, to the

- Chief Executive/Chief Fire Officer
- Chief Finance & Procurement Officer
- Chief Legal & Governance Officer (Monitoring Officer)

- 3.2.3 Employees are often in the best position to identify fraud, theft and corruption. Moreover, as employees they owe a duty to the Authority to report any suspected fraud, theft or corruption. In the first instance a suspicion should be reported to an employee's line manager, although there may be occasions where an employee feels that an alternative route would be more appropriate. They should contact their Executive Officer or the Authority's Internal Audit Section. Alternatively they may wish to contact their Trade Union representative.
- 3.2.4 Any Authority Member receiving information which they believe indicates fraud or improper action must take immediate steps to advise the Chief Executive /Chief Fire Officer, Chief Legal & Governance Officer or the Chief Finance & Procurement Officer.
- 3.2.5 In cases where it is the wish of an individual to report a suspicion in an anonymous manner this will be respected, wherever possible. However, the Authority will always encourage individuals to come forward and be identified. This is an indication that it is not merely someone with a grudge making false accusations. It also allows the suspicions to be acted upon with greater effectiveness and efficiency. Any action which depends on witness evidence may require the identification of the witness(es).
- 3.2.6 Any employee receiving or making an allegation of suspected improper behaviour must do so in as much detail as possible to aid any subsequent investigation.

3.3 Investigating Suspected Fraud and Corruption

- 3.3.1 Once fraud or corruption is suspected it is critical that any investigation is conducted in a professional manner aimed at ensuring that the current and future interests of both the Authority and the suspected individuals are protected. A suspicion should not be seen as a guilt to be proved.
- 3.3.2 It is also crucial that the person raising concerns does not feel threatened. The Authority will seek, where possible, to protect the identity of such persons, unless otherwise agreed with the individual concerned.
- 3.3.3 The Chief Executive/Chief Fire Officer and the Chief Finance & Procurement Officer and, in cases of corruption, the Chief Legal & Governance Officer must deal promptly with each matter and:
- appoint an Investigating Officer, who will usually be an audit manager, but in cases of corruption will be the Chief Legal & Governance Officer.
 - identify a course of action (what, who, when, how, where) including terms of reference, scope, key issues, target dates, staff resources, skill and responsibilities and the reporting process.

- determine if any initial action is necessary against any external organisation (e.g. suspension from a list of approved suppliers or contractors).
- ensure compliance with the Authority's disciplinary procedures and taking advice from the Director of Service Support, to assess whether or not there is a need for any employee to be suspended as a precautionary measure, pending the outcome of the investigation. The decision should be kept under review at all stages of the ensuing investigation.
- determine if involvement by the Police, or any other agency, is appropriate.
- establish an internal reporting regime to ensure investigative resources are used appropriately.

3.3.4 The Investigating Officer must:

- obtain and record evidence and maintain it securely
- ensure the evidence is sound and adequately supported

Evidence can be in a physical form (e.g. prime documents), or statements of witnesses, circumstantial evidence, hearsay etc. All evidence must be evaluated as to the extent to which it supports the assertions made.

The Chief Legal & Governance Officer and the Chief Finance & Procurement Officer will prepare a detailed statement of investigative practice. Investigations should comply with good practice, advice, guidelines and statutory requirements (e.g. PACE where applicable). The rights of those involved should be respected, e.g. to privacy and dignity (employees should not normally be interviewed or suspended in front of work colleagues or members of the public).

- 3.3.5 It is possible that, in order to collect evidence to prove or disprove an allegation, surveillance or similar covert actions may be necessary. These must be conducted with the greatest regard for investigating officers' safety and must accord with legislation (e.g. Regulation of Investigatory Powers Act), and the relevant Internal Audit (or other) Code of Practice.

3.4 Liaison with External Audit, Police and other Agencies

3.4.1 External Audit

The Authority has a duty to report all suspected frauds to its external auditors. This will be done by the Chief Finance & Procurement Officer.

3.4.2 Police

Initial contact with the Police should only be undertaken in accordance with procedure agreed following discussion between the Chief Legal & Governance Officer, the Investigating Officer and the Chief Finance & Procurement Officer. The Police have

indicated that they welcome early notification of suspected fraud. They will also advise on the likely outcome of any intended prosecution. Contact with the Police in respect of specific cases of fraud and corruption will be by the Chief Finance & Procurement Officer and Chief Legal & Governance Officer respectively, unless agreed otherwise.

If a Police investigation is carried out, all employees are expected to co-operate with any subsequent requests for information (recognising their rights in law). All contact with the Police following their initial involvement will usually be via the Investigating Officer.

A police investigation will not prejudice any internal disciplinary process, which should continue as normal. However, the internal investigation and that by the Police should be co-ordinated to make maximum use of resources and information.

3.4.3 Other Agencies

The Investigating Officer will liaise with appropriate organisations, such as the Benefits Agency, other local authorities, other Brigades and agencies to ensure that suitable information is obtained and co-ordinated action is taken which maximises the effectiveness of any investigation.

3.5 Reports Relating to Fraud

3.5.1 All reports must be substantiated by the evidence and avoid contents that could be considered to be defamatory in the event of the report being made public, making clear the difference between established facts, uncertainties and the views, opinions and suppositions of the Investigating Officer.

3.5.2 Interim Report

As soon as the initial 'detection' stage of the investigation has been completed, an interim report will be made by the Investigating Officer to the Chief Legal & Governance Officer, the Chief Finance & Procurement Officer and Chief Executive/Chief Fire Officer and as otherwise decided upon at the preliminary stage.

The Interim Report will set out:

- findings to date
 - the interim conclusions, and
 - seek approval to continue the investigation if this is appropriate.
- If it is decided to continue the investigation then future reporting arrangements and any changes to the planned action should be confirmed. All actions, as they relate to Authority employees, must be in accordance with the Authority's appropriate procedures.

3.5.3 Final Report

This report will supersede all other reports and be the definitive document on which management (in a disciplinary situation) and possibly the Police (in a criminal situation), base their initial decisions.

The format of the final report will not always be the same as each case is unique, but will frequently set out:

- how the investigation arose
- who the suspect(s) is
- their position in the Authority and their responsibilities
- how the investigation was undertaken
- the facts and evidence which were identified
- summary of findings and recommendations both regarding the fraud itself and any additional work required on the system weaknesses identified during the investigation

3.6 Actions

3.6.1 The Chief Executive/Chief Fire Officer, or applicable Executive Officer (taking advice from the Chief Employment Services Officer) will consider any appropriate action against employees in accordance with the Authority's disciplinary procedures on the basis of the report of the investigation and any other comments of the Chief Finance & Procurement Officer.

3.6.2 The Chief Legal & Governance Officer and Chief Finance & Procurement Officer will consider jointly any action to be taken against suppliers, contractors and members of the public.

3.6.3 Any person making an allegation, if they so wish, will be advised of the outcome of the investigation, provide that such information will not prejudice further action, breach any other requirement for confidentiality (e.g. Data Protection Act), or disclose the nature of disciplinary action taken against an employee.

3.6.4 Where there is no immediate evidence of fraud or theft but the actions of an individual or group of individuals are suspicious, or not normal practice, these should be reported to the Executive Officer and line manager who should take appropriate action to enforce or amend operating practices and monitor subsequent compliance.

3.6.5 Where fraud, theft or corruption has occurred the Chief Executive/Chief Fire Officer, the Chief Finance & Procurement Officer and Chief Legal & Governance Officer will identify, evaluate and implement changes to procedures to prevent, or if impractical, discourage or limit the recurrence of the problem in the future.

3.7 Links to other Authority Policies and Procedures

3.7.1 Nothing in this document replaces or amends any other Authority policy or procedure, most particularly:

- Financial Procedure Rules
- Standing Orders
- National and Local Conditions of Service
- Authority Grievance and Disciplinary Procedures
- Code of Personal Conduct
- Whistleblowing Code for Confidential Reporting of Malpractice

4 CODE OF PRACTICE FOR EMPLOYEES DETECTING OR SUSPECTING FRAUD, THEFT OR CORRUPTION

4.1 The Authority's policy is to assist employees and others with concerns about fraud, theft, activities contrary to the public interest and malpractice by setting up a procedure whereby employees can raise serious concerns with the minimum risk. The Authority is committed to detecting fraud, theft or corruption, and the maintenance of highest public values at all levels of the organisation, but it is important that employees should be able to use any mechanism without fear of victimisation and know that their concerns will be addressed seriously.

4.2 The Authority is committed to an open culture by:

- encouraging information exchange, remembering that there are two sides to every story, and as such, making an unfounded, malicious allegation is a serious disciplinary offence.
- making it clear that vigilance is part of the job, and that knowingly not raising concerns is also a serious disciplinary offence
- taking early action to prevent employees worrying about the consequences of fraud
- making it safe and simple to convey critical information ensuring that any concern in this area is seen as a concern and not as a grievance.
- ensuring discretion (and anonymity of the individual should this be preferred)
- protecting any employee from reprisals

4.3 The Authority recognises that if adequate procedures are not in place, the consequential costs of a fraudulent or a corrupt act could be high and lead to regulatory or criminal sanctions. There could be damage to Authority credibility and adverse publicity and it is often seen as being preferable to deal with any potential problems at the earliest opportunity.

4.4 In the first instance an employee should raise any concerns with their line manager or Executive Officer. This can be on an informal basis if the

employee wishes. To report their suspicions to independent officers the matter should be raised with Internal Audit or through the Authority's Whistleblowing arrangements. Concerns may also be raised through a Trade Union representative.

- 4.5 The complaint should ideally be documented and a formal statement signed.
- 4.6 It is the personal responsibility of any employee receiving a complaint from a fellow employee, Member, supplier or member of the public to raise the issue with the appropriate layer of management (i.e. Executive Officer) to enable the appropriate course of action to be determined.
- 4.7 The course of action may be different if the complaint relates to a contractor to the Authority (rather than an employee or Member). The action to be taken will depend on the circumstances, including conciliation, action under contractual powers, suspension of the contractor and Internal Audit investigation. In certain circumstances any officer who had responsibility for supervising the contractor may also face disciplinary action.
- 4.8. It is important that employees do not try to investigate a suspected fraud, theft or corruption themselves, without expert advice and assistance. Where fraud, theft or corruption is suspected, the employee must immediately convey their concerns and retain any evidence and prepare immediate notes of the cause of the concern.
- 4.9 The Authority's Whistleblowing Code for Confidential Reporting of Malpractice is included in Part 9 of this Constitution document (p. 161).

5 CODE OF PRACTICE FOR MANAGERS ON FRAUD, THEFT AND CORRUPTION AWARENESS, DETECTION AND PREVENTION

- 5.1 Managers must follow the procedures set down in this Manual when they discover suspected fraud, theft or corruption, or are advised about it by any employee, Member, supplier or member of the public. Most particularly they must:-
 - obtain where possible the name and contact address of the person making the allegations and write down the nature of the allegations, in as much detail as possible, or try to obtain a written statement from the person making the allegation.
 - inform the Chief Executive/Chief Fire Officer, Chief Legal & Governance Officer or the Chief Finance & Procurement Officer immediately
 - not seek to carry out investigations themselves, and caution the person raising a concern against carrying out further investigations themselves.

5.2 Risk Areas

Managers must be continually vigilant against the risks of fraud and corruption.

Particularly vulnerable areas include:-

- All claims by members of the public for assistances, grants and awards, particularly where these are subject to a means test.
- Invoices from suppliers for goods not supplied, or failure to comply with volumes, quality or prices and charges required by the Authority's contracts.
- Payroll - manipulation of hours of attendance, or overstated hours for overtime, ghost employees and 'leavers' remaining on pay.
- Petty cash - inappropriate orders, personal expenditure, use of relatives' businesses.
- Stock and stores - misuse, theft, and false recording.
- Cash receipting - not declaring cash received, alteration of income documents, teeming and lading
- Expenses - journeys not made, costs not incurred, unnecessary journeys, mileage overstated
- Misuse of Authority property.
- Falsification of information related to services provided to businesses, community and other groups.

5.3 Looking for Fraud

Controls should be in place to prevent and detect fraud and error. Things to look for include:

- Altered documents, or those containing correction fluid, different handwriting or pens.
- Records which do not agree, are incomplete, have details missing, or cannot be cross checked
- Unusual trends (in expenditure or income).
- An absence of vouchers or receipts.

It could also include employees who are solely responsible for risk areas and/or are unwilling to allow others to be involved.

5.4 Preventing Fraud

The following can be considered to minimise the risk of fraud (it can never be 100% prevented).

- (i) Documented procedures which employees are trained to follow.
- (ii) Regular management checks of compliance with procedures.
- (iii) Separation of duties, job rotation and avoiding any employee having sole responsibility for any transaction.
- (iv) Inappropriate line management links, for example where there is a close personal relationship.
- (v) Ensuring records and claims are internally checked against vouchers and other supporting documents.
- (vi) Prior approved arrangements for orders, training courses or

journeys of high value.

- (vii) Crossing out blank parts of claim forms or tender submissions.
- (viii) Banking income regularly, minimising cash holdings.
- (ix) Reviewing budget information in detail.
- (x) High level monitoring for areas with inherent risks (e.g. by nature of value, process or unavoidability).
- (xi) Reviewing gifts and hospitality records, and ascertaining if they are likely to be truthful.
- (xii) Independent verification of assertions made (e.g. trade reference).
- (xiii) Checking of invoices and other records supporting grant aid.

 - (d) details of the alleged misconduct
- 2.4 Any standard complaint form developed for the Authority should also include:
 - (a) equality monitoring data if applicable (for example, nationality of the complainant); and
 - (b) a warning that the complainant's identity will normally be disclosed to the subject member, although in exceptional circumstances (if certain criteria are met) this information may be withheld.
- 2.5 The MO will acknowledge the complaint and will, in acknowledging receipt, inform the Complainant that the Member will be notified about the Complaint without delay unless there is, in the opinion of the MO, any

legal prohibition on such notification. The MO may also ask the Complainant for any clarification considered necessary to enable the Complaints Sub-Committee to reach its decision; but the MO will not at this stage embark on any actual investigation of the matter.

- 2.6 For every complaint that is put into writing, the MO will determine whether to advise the Member that a complaint has been received. In some circumstances the MO will not advise the Member of the receipt of the complaint. This will involve an assessment of whether the risk of the case being prejudiced (e.g. the risk of intimidation of a complainant or witnesses or the destruction of any evidence) may outweigh the fairness of notifying the Member (e.g. the ability of the Member to preserve evidence) or whether doing so might prejudice a criminal investigation.

3. Complaints Sub-Committee

The report to the Sub-Committee

- 3.1 The MO will prepare a report for consideration by the Complaints Sub-Committee, to enable the Sub-Committee to determine whether
- a) There are any continuing grounds for not providing to the Member a summary of the complaint;
 - b) If the Complainant so requests, the Complainant's identity should be withheld from the Member;
 - c) The Sub-Committee has jurisdiction to deal with the complaint;
 - d) The complaint should be referred to the MO for investigation;
 - e) No action should be taken under the Act, in respect of the complaint; and
 - f) If so, whether any other informal action may be appropriate.
- 3.2 The report of the MO will:
- a) set out the complaint;
 - b) identify any confirmation of the facts of the complaint which has been obtained without formal investigation.
- 3.3 The agenda papers will include the following information:
- a) the date, time and place of the hearing;
 - b) the report of the MO
 - c) an outline of the proposed procedure for the meeting and the criteria for the assessment of the complaint (i.e. a set of these rules).

Access to the meeting

- 3.4 Meetings of the Complaints Sub-Committee will not be open to the press and public who shall be excluded from the meeting.
- 3.5 The MO will arrange for a meeting of the Sub-Committee to take place. The meeting should ordinarily take place within 20 working days from the

date of receipt of the complaint. The Sub-Committee will meet during the day and will aim to complete the hearing in one sitting. If the Sub-Committee is unable to reach a decision within 20 days the Complainant and the Member (if appropriate) will be informed of this.

Membership of the Sub-Committee

- 3.6 The Complaints Sub-Committee will be chaired by a member selected at the meeting.
- 3.7 The Sub-Committee will comprise three members of the Executive Committee.
- 3.8 The quorum for the Sub-Committee will be two.
- 3.9 A member of the Executive Committee may not sit on the Sub-Committee if he or she is the subject of the complaint or if he or she has first-hand involvement in the case (for instance as the Complainant or as a material witness in relation to the allegations) such that his or her impartiality might be challenged.
- 3.10 Each member of the Sub-Committee shall have one vote, but the chair shall have a casting vote in the event of equality of votes.

Procedure

- 3.11 The Chair will explain that the Sub-Committee may, at any time prior to the conclusion of the hearing, agree to adjourn and require the MO to seek further information or clarification on any point.
- 3.12 The procedure for dealing with the report about the Member shall be as set out in this guidance, subject to the Chair of the Sub-Committee being able to make any change to it that he or she thinks appropriate to enable a fair and effective hearing:
- 3.13 The Sub-Committee will examine the MO's report. The Sub-Committee may ask the MO questions about the contents of the report. The Sub-Committee can move on to consider its findings on the basis of the MO's report and responses to questions.
- 3.14 The Member who is the subject of complaint will play no role in the proceedings of the Sub-Committee.

Evaluation Criteria

- 3.15 In considering a complaint, the Sub-Committee will carry out the initial tests, namely:
 - a) Is the complaint against one or more Members of the Authority?
 - b) Was the Member in office at the time of the alleged conduct and was the code of conduct in force at the time?
 - c) If proven, would the complaint be a breach of the Code of conduct?

If the Sub-committee is not satisfied in relation to any one of these tests the complaint cannot be investigated as a breach of the Code of Conduct and the complainant must be informed that no action will be taken in respect of the complaint.

- 3.16 The Complaints Sub-Committee will assess the complaint with regard to the following criteria:
- a) Has the Complainant submitted enough information to satisfy the Sub-Committee that the complaint should be referred for investigation or other action?
 - b) Is the complaint about someone who is no longer a Member of the Authority, but is a member of another authority? If so, does the Sub-Committee wish to refer the complaint to the Monitoring Officer of that other authority?
 - c) Has the complaint already been the subject of an investigation or other action relating to the Code of Conduct? Similarly, has the complaint been the subject of an investigation by other regulatory authorities?
 - d) Is the complaint about something that happened so long ago that there would be little benefit in taking action now?
 - e) Is the complaint not sufficiently serious to warrant further action?
 - f) Does the complaint appear to be simply malicious, politically motivated or tit-for-tat?

Considerations in respect of retention of anonymity

- 3.17 In relation to requests for anonymity the Sub-Committee shall have regard to the following considerations:
- a) Does the Complainant have reasonable grounds for believing that they will be at risk of physical harm if their identity is disclosed?
 - b) Is the Complainant an officer who works closely with the Member? If so, is the Complainant afraid of the consequences to their employment or of losing their job if their identity is disclosed?
 - c) Does the Complainant suffer from a serious health condition, meaning that there are medical risks associated with their identity being disclosed? In such circumstances, the Sub-Committee may wish to request medical evidence of the Complainant's condition.
 - d) Should the Complainant be given the option of requesting a withdrawal of the complaint?
 - e) Is it possible to investigate the complaint without making the Complainant's identity known?
 - f) Are there any other exceptional reasons why the Complainant's identity should not be disclosed?

Decision of the Complaints Sub-Committee

- 3.18 If it is accepted that the complaint is within its jurisdiction the Sub-Committee will reach one of the following decisions:
- a) referral of the complaint to the MO for investigation;
 - b) referral of the complaint to the MO for other action;

- c) that no action be taken.

Any decision of the Complaints Sub-Committee in its evaluation of the complaint to take no action shall be final.

- 3.19 The Sub-Committee will agree a written summary of the main points which they have considered, the conclusions they have reached on the complaint and their reasons for those conclusions. Unless the Sub-Committee has concluded that to send the summary to the Member is not in the public interest or would prejudice any subsequent investigation, this summary will be sent to the Member and will be made available to the public for inspection and on the Authority's web-site.
- 3.20 The MO will write to the Complainant, advising of the Sub-Committee's decision. The MO will also write to the Member, advising of the decision.

4. Action following initial evaluation

- 4.1 If the decision was to refer the matter to the MO for other action, the MO will notify all parties and will take that action. As soon as possible before three months have elapsed from the Sub-Committee's decision, the MO will report the outcome of that action to a further meeting of the Sub-Committee, which may give further directions.

5. Investigations

- 5.1 If the decision was to refer the matter for investigation, the MO will carry out or arrange that investigation, the MO will inform all parties accordingly.
- 5.2 At any stage during the investigation, the MO may refer that matter back to the Complaints Sub-Committee if—
 - (a) as a result of new evidence or information, the MO is of the opinion that the matter is—
 - (i) materially less seriousthan may have seemed apparent to the Sub-Committee when they decided to refer the matter for investigation, and
 - (ii) that the Sub-Committee would have made a different decision had they been aware of that new evidence or information; or
 - (b) the Member—
 - (i) has died; or
 - (ii) is seriously ill; or
 - (iii) has resigned from the Authority;and the MO is of the opinion that in the circumstances it is no longer appropriate to continue with an investigation.
- 5.3 The MO shall, on completion of the investigation,
 - (a) make a finding—
 - (i) that there has been a failure to comply with the Authority's Code of Conduct ("a finding of failure"); or
 - (ii) that there has not been a failure to comply with the Authority' code of conduct ("a finding of no failure");

- (b) prepare a written report of the investigation which contains a statement as to the finding;
- (c) send a copy of that report to the Member;
- (d) refer the report to
 - (i) the Complaints Sub-Committee; and
 - (ii) to the Independent Person.

6. Consideration of report of investigation

- 6.1 The MO will convene a meeting of the Complaints Sub-Committee, (the Independent Person may attend this meeting in an observer capacity) which will decide whether
- (a) they accept the MO's finding of no failure ("a finding of acceptance"); or
 - (b) the matter should be considered at a hearing;
Before reaching a decision, the Sub-Committee shall take the views of the Independent Person into account.
- 6.2 If the Complaints Sub-Committee make a finding of acceptance, the MO will notify all parties and, unless the Member requests otherwise, will also publish the finding.
- 6.3 If the Complaints Sub-Committee consider that the matter should be considered at a hearing, the MO shall arrange to convene a meeting of the Complaints Sub-Committee drawn by random selection from members who have not previously been involved in evaluating the complaint. Membership may be drawn from the whole membership of the Authority.
- 6.4 The Complaints Sub-Committee hearing the complaint will follow this procedure to regulate Hearings unless, on the advice of the MO – and after prior notice to the Member of any proposed changes and the reasons for them, the Sub-Committee agree that the procedure should be modified.

7. Role of the Monitoring Officer and other officers

- 7.1 The MO will ensure that the overall conduct of the matter is dealt with effectively in the interests of all parties concerned. The MO may adopt the role either of Investigating Officer or of legal adviser to the Sub-Committee. If the MO acts as Investigating Officer, the MO will ensure that the Deputy MO or another appointed person (who may be a person not in the employment of WYFRA) takes responsibility for ensuring the effective overall conduct of the matter and advising the Sub-Committee. In this situation, references to the MO in the following paragraphs of this procedure will, where appropriate, apply to that appointed person.
- 7.2 The role of the MO is to
- a) make sure all parties to the hearing understand the procedures to be followed and the powers available to the Sub-Committee;
 - b) make sure that the hearing is fair and allows the matter to be dealt with as efficiently and effectively as possible;

- c) provide advice to the Sub-Committee during the hearing and their deliberations; and
- d) help the Sub-Committee to produce a written decision and a summary of that decision.

8. Notifying the Member and the Complainant.

8.1 Within five working days of the completion of a report into an investigation, the MO will send a copy of the report to all Members of the Complaints Sub-Committee, to the Member and, where appropriate, to the Complainant. The report will, at this stage, be provided on a confidential basis, and an undertaking of confidentiality will be sought from the Complainant, the Member and where needed, the Complaints Sub-Committee.

9. Obtaining a response from the Member

9.1 When notifying the Member of the complaint against him or her and providing the Member with the report, the MO will ask the Member for a written response, within fifteen working days, stating whether he or she:

- disagrees with any of the findings of fact in the report, including the reasons for any disagreements;
- wants to be represented at any Hearing, at their own expense, by a barrister or solicitor or, subject to the consent of the Complaints Sub-Committee, some other person;
- wants to give evidence at any Hearing, either verbally or in writing;
- wants to call any relevant witnesses to give evidence to any Hearing, and if so, who they are;
- wants any part of a Hearing to be held in private, explaining the reasons;
- wants any part of the report or other relevant documents to be withheld from the public, explaining the reasons.

9.2 The MO will also ask the Member to identify, in the Member's response, all those matters within the report which the Member disputes. The MO will notify the Member that the Sub-Committee has the power to refuse to hear any new areas of dispute raised at the hearing but not notified prior to it, or may adjourn the hearing to enable the Investigating Officer to respond to them.

9.3 Upon receipt of a response from the Member, the MO will send it to the Investigating Officer for comment. The Investigating Officer will be asked specifically to say whether or not he or she:

- wants to attend the hearing;
- wants to call relevant witnesses to give evidence at the hearing;
- wants any part of the hearing to be held in private (by virtue of Part VA of the Local Government Act 1972), and the reasons for this;
- wants any part of their report or other relevant document to be withheld from the public (by virtue of Part VA of the Local Government Act 1972) and the reasons for this.

Calling a meeting of the Complaints Sub-Committee to hear the complaint

- 9.4 The MO is authorised to convene any necessary meeting.
- 9.5 Although the Member and the Investigating Officer are entitled to request that any witness be called to give evidence, the MO may limit the number of witnesses if the MO believes the requests of any party are unreasonable and/or that some witnesses will be repeating evidence which will be given by earlier witnesses and/or will not provide any evidence at all to help the Sub-Committee reach a decision. The MO or the Sub-Committee may also call any additional witnesses if they will assist the Hearing in reaching a decision.
- 9.6 The MO will:
- identify the main facts of the case that are agreed between the Investigating Officer and the Member;
 - identify the main facts of the case that are not agreed between the Investigating Officer and the Member;
 - identify which witnesses will give evidence;
 - outline the proposed procedure for the hearing, specifying for which parts of the hearing (if any) a request has been received for it to take place in private; with the reasons for that request; and
 - arrange to provide this information and the Agenda to everyone involved as a party in the hearing (including the independent person) at least five working days before the date of the hearing. Where any part of the meeting is, or is likely, to be held in private, all recipients will be advised to keep the papers strictly confidential.
- 9.7 The agenda papers will include the following information:
- the date, time and place of the hearing;
 - the summary of the allegation;
 - a list of the main facts of the case which are agreed;
 - a list of the main facts of the case which are not agreed;
 - a note about whether the Member and/or the Investigation Officer will attend the hearing and give evidence;
 - a list of witnesses, if any, who will attend the hearing and give evidence; and
 - an outline of the proposed procedure for the hearing (i.e. a set of these rules).
- 9.8 The meeting of the Sub-Committee hearing the complaint will be open to the press and public unless confidential or exempt information under Part VA of the Local Government Act 1972 and Regulations is likely to be disclosed. The Sub-Committee will go into private session if the Sub-Committee resolves to do so.
- 9.9 The Sub-Committee has discretion to decide whether or not to exclude the press and public from the meeting if exempt information as defined in Part VA of the LGA 1972 and regulations will be discussed. Where the MO considers that the report and/or any of the written statements in response are likely to disclose exempt information and as a result it is likely that the Hearing Panel will, when considering these papers, not be open to the

press and public then no copies of any documents will be provided to the press and public nor will inspection prior to the meeting be permitted.

Convening the Sub-Committee

- 9.10 The MO will arrange for a meeting of the Sub-Committee, and indicate the preferred time, place and date of the meeting. The meeting should take place within three months from the date of completion of the Investigating Officer's report. The Sub-Committee will meet during the day and will aim to complete the hearing in one sitting (i.e. avoiding the need to reconvene on another date part way through hearing the evidence).

The composition and methodology of the Sub-Committee hearing the complaint

- 9.11 The Sub-Committee will be chaired by a Member of the Authority Executive Committee selected by the Sub-Committee.
- 9.12 The Sub-Committee will comprise three Members of the Authority. The Independent Person may attend in an observer capacity.
- 9.13 The quorum for the Sub-Committee will be two.
- 9.14 A member of the Sub-Committee may not adjudicate in the hearing if he or she is the subject of the complaint or if he or she has first-hand involvement in the case (for instance as the Complainant or as a material witness in relation to the allegations) such that his or her impartiality might be challenged.
- 9.15 The Sub-Committee will decide, on the balance of probabilities, whether the grounds for complaint are upheld: i.e. whether, on the evidence presented to the Hearing in writing and orally (if any), it is more likely than not that the Member is in breach of the Code of Conduct.
- 9.16 Each member of the panel shall have one vote, but the chair shall have a casting vote in the event of equality of votes.
- 9.17 The purpose of the Hearing is to examine and test the evidence produced in the report. This requires an inquisitorial approach by the Sub-Committee i.e. the need to seek information in order to establish whether or not the Member is in breach of the Code of Conduct by examining all the written evidence and questioning any relevant witnesses.
- 9.18 The Sub-Committee may at any time seek legal advice from the MO. Such advice will be given in the presence of the Investigating Officer and the Member, though the press, public and others present at the hearing may be excluded while this advice is given.

Agenda for and procedure at the Hearing

- 9.19 The Agenda for the Meeting shall be as follows:
- Quorum
 - Selection/Appointment of Chair
 - Introductions
 - Declarations of interest
 - Consideration of whether to adjourn or proceed in the absence of the Member (if the Member is not present)

- Representations with reasons from the Investigating Officer and/or the Member if either consider that the hearing or any part of it should exclude the press and public under Part VA of the Local Government Act 1972, and determination of this by the Sub-Committee.
 - Explanation of how the hearing will be run.
- 9.20 Where the panel decides that it will not exclude the press and public, the MO will at that point arrange to provide copies of the reports to any press and public who are present.
- 9.21 The Chair will explain that the Sub-Committee may, at any time prior to the conclusion of the hearing, agree to adjourn and require the MO to seek further information or undertake further investigation on any point.
- 9.22 The procedure for dealing with the report about the Member shall be as follows, subject to the Chair of the Sub-Committee being able to make any change to it that he or she thinks appropriate to enable a fair and effective hearing:

Examination of the reports and written representations:

The Sub-Committee will examine the written report, the Member's response to it and any further response from the Investigating Officer. The Sub-Committee may ask the Investigating Officer and/or the Member questions about the contents of their reports.

If there is no disagreement about the facts, the Sub-Committee can move on to consider its findings (paragraph 9.25 refers).

Examination of oral evidence

Where the facts of the case are not agreed, the Investigating Officer will be asked to make any representations to support the findings of fact in the report relevant to the areas of disagreement, by calling witnesses as agreed by the Chair of the Sub-Committee.

At the end of the Investigating Officer's representations, the Member, the Complainant or their representatives or Members of the Sub-Committee may ask questions.

The Member will then be asked to make any representations to support his or her version of the disputed facts in the report, calling supporting witnesses as agreed by the Chair of the Hearing Panel.

At the end of the Member's representations, the Complainant, the Complainant's representative, the Investigating Officer or Members of the Sub-Committee may ask questions.

Where the Member disputes any matter in the report but which he or she has not given prior notice of his or her intention to dispute, the Investigating Officer must draw this to the attention of the Sub-Committee which may then decide:

- not to hear the fact(s) in dispute;
- to hear the fact(s) in dispute but invite the Investigating Officer to respond; or

- to adjourn the meeting to enable the Investigating Officer to investigate and report on the disputed fact(s).

Representations on sanctions

- 9.23 If the Sub-Committee finds the complaint to be made out, the Member will have an opportunity to make a statement in mitigation of any sanction which the Sub-Committee may impose.

The decision of the Sub-Committee

- 9.24 The Sub-Committee will retire into private session to consider their findings. The Sub-Committee may at any time seek legal advice from the MO. Such advice will be given in the presence of the Investigating Officer and the Member, though the press, public and others present at the hearing may be excluded while this advice is given. At any time the Sub-Committee may return to ask for questions of the Investigating Officer or the Member, or to seek any further information or advice they require.
- 9.25 They may find one of the following:
- That the Member did not fail to comply with the Code of Conduct;
 - That the Member has failed to comply with the Code of Conduct but that no action needs to be taken;
 - That the Member has failed to comply with the Code of Conduct and should be the subject of:
 1. Formal motion of censure;
 2. A formal letter setting out that the Member has failed to comply with the Code.
 3. A recommendation to the Authority and/or the Member's Group Leader that the Member (subject to any statutory and constitutional requirements) be removed from Committee(s);
 4. Appropriate press release/other publicity
- 9.26 The Sub-Committee will return from private session to enable the Chair to announce the decision of the Sub-Committee and the reasons for it and the sanction they decide to impose (if any).
- 9.27 The Sub-Committee will then consider in open session whether any action needs to be taken by the Authority as a result of the finding, for example reviewing any decision, policy or practice of the Authority which was the subject of the breach of the Code of Conduct; any action needed to prevent or deter further breaches of the Code of Conduct.

10. Confidentiality and the disclosure of information

- 10.1 No member of the Authority shall disclose any information he or she has obtained in the course of an investigation or as a result of this procedure unless:
- the disclosure is made to enable the MO or any Investigating Officer to carry out his or her functions, or to enable the Executive Committee or

Complaints Sub-Committee to carry out their functions in relation to the matter;

- the person to whom the information relates has consented to the disclosure;
- the disclosure is made following receipt of a statutory requirement for disclosure;
- the information has previously and lawfully been disclosed to the public;
- the disclosure is made to the Auditors in relation to any Officer functions, or
- the disclosure is made in consequence of criminal proceedings

11. Notice of findings

11.1 The MO will make available, by 4pm on not later than the second working day following that on which the hearing concludes, a short written statement of the decision.

11.2 A full written draft of the decision and the reasons for it will be prepared and finalised in consultation with the Chair of the Sub-Committee and circulated within two weeks of the hearing to the Member, the Complainant (where appropriate), the Investigating Officer, the Authority's Executive Committee.

11.3 Subject to the provisions below, the MO shall arrange for a summary of the findings to be published on the Authority's website.

11.4 Where the Sub-Committee decide that the Member has not failed to comply with the Code of Conduct, the summary of findings specified above shall:

state that the Sub-Committee found the Member had not failed to comply with the Code of Conduct and shall give reasons for that finding; and not be published if the Member so requests.

11.5 Where the Sub-Committee decide that the Member has failed to comply with the Code of Conduct, but also decides that no action should be taken, the notice shall:

- a) state that the Sub-Committee found that the Member had failed to comply with the Code of Conduct, but that no action need be taken in respect of that failure;
- b) specify the details of the failure;
- c) give reasons for the decision reached

11.6 Where the Sub-Committee determines that there has been a failure to comply with the Code of Conduct and that a sanction should be imposed, the notice specified above shall:

- a) state that the Sub-Committee found that the Member had failed to comply with the Code of Conduct;
- b) specify the details of the failure;
- c) give reasons for the decision reached;

- d) specify the sanction imposed
- 11.7 Copies of the agenda, reports and minutes of the hearing as well as any background papers, apart from any documents or parts of documents which relate to parts of the hearing which were held in private, will be available for public inspection for six years after the hearing.
- 11.8 The decision of the Sub-Committee hearing the complaint shall be final, but before reaching its decision, the Sub-Committee shall take into account the views of the independent person.

APPENDIX

**(NATIONAL)
CODE OF CONDUCT FOR LOCAL GOVERNMENT EMPLOYEES****1 Introduction**

- 1.1 The public is entitled to expect the highest standards of conduct from all employees who work for the Authority.
- 1.2 This Code of Conduct is aimed at ensuring that employees are aware of the standards of behaviour expected of them by the Authority.

2 Standards

- 2.1 Local government employees are expected to give the highest possible standard of service to the public, and where it is part of their duties, to provide appropriate advice to councillors and fellow employees with impartiality. Employees will be expected, through agreed procedures and without fear of recrimination, to bring to the attention of the appropriate level of management any deficiency in the provision of service.
- 2.2 It is the duty of each employee to report to the appropriate manager any impropriety or breach of procedure.

3 Disclosure of Information

- 3.1 This Authority believes that open government is best. The law requires that certain types of information must be available to Members, auditors, government departments, service users and the public. The Authority itself may decide to be open about other types of information. Employees must be aware of which information the Authority is and is not open about, and act accordingly.
- 3.2 Employees should not use any information obtained in the course of their employment for personal gain or benefit, nor should they pass it on to others who might use it in such a way. Any particular information received by an employee from a councillor which is personal to that councillor and does not belong to the Authority should not be divulged by the employee without the prior approval of that councillor, except where such disclosure is required or sanctioned by the law.

4 Political Neutrality

- 4.1 Employees serve the Authority as a whole. It follows they must serve all councillors and not just those of the controlling group, and must ensure that the individual rights of all councillors are respected.
- 4.2 Where employees are required to advise political groups, they must do so in ways which do not compromise their political neutrality. Such advice will ordinarily be provided by the Authority's Chief Executive/Chief Fire Officer and Executive Officers and all other employees should not provide advice to political groups without clearance from the appropriate Executive Officer or the Chief Executive/Chief Fire Officer.

- 4.3 Employees, whether or not politically restricted, must follow every lawful expressed policy of the Authority and must not allow their own personal or political opinions to interfere with their work.
- 4.4 Political Assistants appointed on fixed term contracts in accordance with the Local Government and Housing Act 1989 are exempt from the standards set in paragraphs 4.1 to 4.3.

5 Relationships

5.1 Councillors

Employees are responsible to the Authority through its senior managers. For some, their role is to give advice to councillors and senior managers and all are there to carry out the Authority's work. Mutual respect between employees and councillors is essential to good local government. Close personal familiarity between employees and individual councillors can damage the relationship and prove embarrassing to other employees and councillors and should therefore be avoided.

5.2 The Local Community and Service Users

Employees should always remember their responsibilities to the community they serve and ensure courteous, efficient and impartial service delivery to all groups and individuals within that community as defined by the policies of the Authority. No part of the local community should be discriminated against.

5.3 Contractors

All relationships of a business or private nature with external contractors, or potential contractors, should be made known to the (Chief Legal & Governance Officer). Orders and contracts must be awarded on merit, by fair competition against other tenders, and no special favour should be shown to businesses run by, for example, friends, partners or relatives in the tendering process.

- 5.4 Employees who engage or supervise contractors or have any other official relationship with contractors and have previously had or currently have a relationship in a private or domestic capacity with contractors, should declare that relationship to the (Chief Legal & Governance Officer).

6 Appointment and other Employment Matters

- 6.1 Employees involved in appointments should ensure that these are made on the basis of merit. It would be unlawful for an employee to make an appointment which was based on anything other than the ability of the candidate to undertake the duties of the post. In order to avoid any possible accusation of bias, employees should not be involved in an appointment where they are related to an applicant, or have a close personal relationship outside work with him or her.

- 6.2 Similarly, employees should not be involved in decisions relating to discipline, promotion or pay adjustments or any other employee who is a relative, partner etc.

7 Outside Commitments

- 7.1 All employees have contractual obligations and should not take outside employment which conflicts with the Authority's interests.
- 7.2 All employees graded above spinal column point 28 of the NJC Scheme of Conditions of Service for APT&C staff are required to obtain consent of the Authority, via the appropriate Executive Officer to take outside employment. Uniformed service personnel subject to similar restrictions must seek authorisation via the Chief Executive/Chief Fire Officer or appropriate Executive Officer.
- 7.3 No outside work of any sort, whether paid or unpaid, should be undertaken in the office and the use of facilities (typist, telephone, photocopier etc) is forbidden.
- 7.4 Employees should follow the Authority's rules on ownership of intellectual property or copyright created during their employment.

8 Personal Interests

- 8.1 Employees must declare to the appropriate Executive Officer any non-financial interests that they consider could bring about conflict with the Authority's interests, for example, if you are involved in an official capacity with an outside organisation which has dealings with the Authority, eg grant requests.
- 8.2 Employees must declare to the appropriate Executive Officer any financial interests which could conflict with the Authority's interests, eg work for which a fee is received.
- 8.3 Employees should declare to the Authority, via the (Chief Legal & Governance Officer), membership of any secret societies. The definition of "secret society" is as follows:

"Any lodge, chapter, society, trust or regular gathering or meeting which:

- is not open to members of the public who are not members
- includes in the granting of membership a requirement of the member to make a commitment (whether by oath or otherwise) of allegiance
- includes, whether initially or subsequently, a commitment (whether by oath or otherwise) of secrecy in regard to rules, membership or conduct."

- 8.4 Where employees have declared any personal interests, the detail will be kept in a register under the authority of the (Chief Legal & Governance Officer).

9 Equality Issues

- 9.1 The Authority is an equal opportunities employer and all employees are under an obligation to ensure that its policies relating to equality issues plus those required by law, are complied with.
- 9.2 All members of the local community, customers and other employees have a right to be treated with fairness and equity.

10 Separation of Roles during Tendering

- 10.1 Employees involved in the tendering process and dealing with contractors should be clear on the separation of client and contractor roles within the Authority. Senior Employees who have both a client and contractor responsibility must be aware of the need for accountability and openness.
- 10.2 Employees in contractor or client units must exercise fairness and impartiality when dealing with all customers, suppliers, other contractors and sub-contractors.
- 10.3 Employees who are privy to confidential information on tenders or costs for either internal or external contractors should not disclose that information to any unauthorised party or organisation.
- 10.4 Employees should ensure that no special favour is shown to current or recent former employees or their partners, close relatives or associates in awarding contracts to businesses run by them or employing them in a senior or relevant managerial capacity.

11 Corruption

- 11.1 It is a serious criminal offence for employees corruptly to receive or give any gift, loan, fee, reward or advantage for doing, or not doing, anything or showing favour, or disfavour, to any person in their official capacity. If an allegation is made it is for the employee to demonstrate that any such rewards have not been corruptly obtained.

12 Use of Financial Resources

- 12.1 Employees must ensure that they use public funds entrusted to them in a responsible and lawful manner. They should strive to ensure value for money to the local community and to avoid legal challenge to the Authority.

13 Hospitality

- 13.1 Employees should only accept offers of hospitality if there is a genuine need to impart information or represent the Authority in the community. Offers to attend purely social or sporting functions should be accepted only when these are part of the life of the community or where the Authority should be seen to be represented. They should be properly authorised and recorded by the appropriate Executive Officer.
- 13.2 When hospitality has to be declined, those making the offer should be courteously but firmly informed of the procedures and standards operating within the Authority.
- 13.3 Employees should not accept significant personal gifts from contractors and outside suppliers.
- 13.4 When receiving authorised hospitality employees should be particularly sensitive as to its timing in relation to decisions which the Authority may be taking affecting those providing the hospitality.
- 13.5 Acceptance by employees of hospitality through attendance at relevant conferences and courses is acceptable where it is clear the hospitality is corporate rather than personal, where the Authority, Chief Executive/Chief Fire Officer or appropriate Executive Officer gives consent in advance and where the Authority can be satisfied that any purchasing decisions are not compromised. Where visits to inspect equipment etc are required, employees should ensure the Authority meets the cost of such visits to avoid jeopardising the integrity of subsequent purchasing decisions.

14 Sponsorship - Giving and Receiving

- 14.1 Where an outside organisation wishes to sponsor or is seeking to sponsor a local government activity, whether by invitation, tender, negotiation or voluntarily, the basic conventions concerning acceptance of gifts or hospitality apply. Particular care must be taken when dealing with contractors or potential contractors.
- 14.2 Where the Authority wishes to sponsor an event or service, neither an employee nor any partner, spouse or relative must benefit from such sponsorship in a direct way without there being full disclosure to the appropriate Executive Officer of any such interest. Similarly, where the Authority, through sponsorship, grant aid, financial or other means, gives support in the community, employees should ensure that impartial advice is given and that there is no conflict of interest involved.

15 Contact with the Press and Media

- 15.1 Unless specifically nominated and authorised by the Chief Executive/Chief Fire Officer or the appropriate Executive Officer, employees are not permitted to give reports or speak to the press and media on matters

relating to employment with the Authority, Authority business or decisions of the Authority. In the main the Chief Executive/Chief Fire Officer, the Executive Officers and the designated Public Relations staff will be responsible for dealing with the press and media. Employees with this responsibility should guard themselves against declaring a view which is contrary to a position taken by the Authority and which may be deemed to be critical of that decision.

- 15.2 In the event of an industrial dispute involving a trade union organisation, an elected representative of that trade union may be called upon by the press or media to comment on the dispute. Where a decision is taken by that trade union organisation to respond, the employee should exercise great care in presenting the facts of the case and should avoid personal opinions which may be damaging to the Authority.
- 15.3 In all circumstances, employees are under a general duty of care to avoid, wherever practicable, a conflict of interests situation arising and should not undertake to criticise, damage or act in any way against the best interests of the Authority. Should this occur, then the employee will be subject to disciplinary action in accordance with the agreed procedures.

16 **Smoking**

- 16.1 The Authority has a policy on smoking at work which is incorporated into employment contracts. Employees are reminded that if found smoking in contravention of the policy, it will be regarded as a disciplinary offence.

PART 5 - CODES OF CONDUCT AND PROTOCOLS:

MEMBER/OFFICER RELATIONS AND PROCEDURAL PROTOCOL

INTRODUCTION

- (i) The purpose of these protocols is to provide guidance to Members and officers of the Authority in their relations with each other in connection with Authority procedures and the conduct of Authority business affairs.
- (ii) Whilst mutual respect between employees and individual Councillors is essential to good local government, nevertheless close personal familiarity between individual employees and individual Councillors can cause potential damage to public perceptions and embarrassment to other employees and Councillors and should therefore be avoided. Both Councillors and officers are servants of the public and they are indispensable to one another, but their responsibilities are distinct. Councillors are responsible to the electorate, officers are responsible to the Authority. The role of officers is to give advice to Councillors and the Authority and to carry out the Authority's work under the direction and control of the Authority, their committees and sub-committees.

Protocol 5 Officers shall not be called upon to give advice to Party Groups if non-Members of the Authority are present at the Party Group meeting and/or it

Protocol 6 Officers shall respect the confidentiality of any Party Group discussion at which they are present and shall not pass on any information received in confidence to any other Party Group.

Protocol 7 An officer shall not be compelled to attend and give information and advice to a Party Group where to do so would over-ride any provision in the officer's contract of employment or place the officer in breach of any statutory provision, legal or other duty of confidentiality to the Authority or other governmental body.

Provision of Support Services to Members and Party Groups

Protocol 8 Officers shall not be asked to provide any support services (stationery, typing, printing, photocopying, transport etc) to Party Groups or for party political purposes nor to individual Members except to the extent that such requests relate to support appropriate to assist Members to discharge their role as Members of the Authority. Such support must not be used for private or any other purposes not connected with the official duties of the Authority. Requests for such support shall be made to the Chief Legal & Governance Officer).

Member Access to and Use of Information and Authority Documents

(Members have an automatic statutory right to inspect any Authority document which contains material relating to any business to be transacted in public at an Authority or Committee meeting but not to documents relating to agenda items to be dealt with in private session if they are not a Member of the relevant committee. Members may have a right of access to such documents and a common law entitlement to inspect Authority documents generally so far as this is reasonably necessary to enable the Member properly to perform his/her duties as a Member of the Authority, ie the need to know principle).

Protocol 9 A Member shall make any request for access to Authority documents to the appropriate Executive Officer and shall, if requested by the Executive Officer, provide appropriate justification for the request.

Protocol 12 A Member obtaining information under this procedure shall use such information only for the proper performance of the Member's duties as a Member of the Authority and shall not disclose or use confidential information to personal advantage or to the disadvantage or discredit of the Authority.

Committee Agenda Procedures

Protocol 13 The Authority recognises that Executive Officers may have statutory or other responsibilities for submitting reports to the Authority and its Committees and that the Chief Legal & Governance Officer as "proper officer" is legally responsible for the production and distribution of committee agendas and for decisions under Access to Information legislation including the classification of reports as to whether they will be considered in public or private session.

(The law does not allow individual Members in whatever capacity to make decisions on behalf of the Authority).

Protocol 16 Ordinarily correspondence from Members shall be addressed to the appropriate Executive Officer who will not copy the correspondence to any other Member without proper justification and need to do so and in any such case shall make it clear to the original Member that the correspondence has been copied to another Member.

Members' travelling and subsistence allowances are payable over and above the basic Members' allowances, (as detailed in Schedule 2) for approved duties as detailed in Schedule 3, save that no subsistence allowances shall be paid in respect of attendance at meetings within West Yorkshire.

If the Authority makes direct payment in respect of travel and subsistence allowances, the Member shall not be entitled to claim any further allowance in respect of those costs for that approved duty.

These allowances shall be indexed by reference to annual increases in the Local Government NJC Employee Allowances for Travel and Subsistence and adjusted with effect from 1 April each year in accordance with any awards made.

7 Renunciation

A Member may, by notice in writing given to the Chief Finance & Procurement Officer, elect to forgo any part of his/her entitlement to an allowance under this scheme.

8 Part Year Entitlements

8.1 The provisions of this paragraph shall have effect to regulate the entitlements of a Member to basic and special responsibility allowances where, in the course of a year, this scheme is adopted or amended, or that Member relinquishes a special responsibility in respect of which a special responsibility allowance is payable.

8.2 If the adoption or an amendment to this scheme changes the amount to which a Member is entitled by way of a basic or special responsibility allowance, then in relation to each of the periods:

- (i) beginning with the year and ending with the day before that on which the adoption or amendment first takes effect in that year; or
- (ii) beginning with the day on which the adoption or amendment takes effect and ending with the day before that on which the adoption or amendment next takes effect, or (if none) within the year the entitlement to a basic or special responsibility allowance shall be to the payment of such part of the amount of the allowance under this scheme as has effect during the relevant period as bears to the whole, the same proportion as the number of days in the period bears to the number of days in the year.

- 8.3 Where the term of office of a Member begins or ends otherwise than at the beginning or end of a year, the entitlement of that Member to a basic allowance shall be to the payment to such part of the basic allowance as bears to the whole the same proportion as the number of days during which his/her term of office subsists bears to the number of days in that year.
- 8.4 Where this scheme is adopted or amended and the term of office of a Member does not subsist throughout the period mentioned in sub-paragraph 8.2 (i), the entitlement of any such Member to a basic allowance shall be to the payment of such part of the basic allowance referable to each such period (ascertained in accordance with that sub-paragraph) as bears to the whole the same proportion as the number of days during which his/her term of office as Member subsists bears to the number of days in that period.
- 8.5 Where a Member has during part of, but not throughout, a year of such special responsibilities as entitle him/her to a special responsibility allowance, that Member's entitlement shall be to payment of such part of that allowance as bears to the whole, the same proportion as the number of days during which he/she has such special responsibility bears to the number of days in that year.
- 8.6 Where this scheme is adopted or amended as mentioned in 8.2 (i) and a Member has during part, but does not have throughout the whole, of any period mentioned in sub-paragraph 10.2 of that paragraph any such special responsibilities as entitle him/her to a special responsibility allowance, that Member's entitlement shall be to payment of such part of the allowance referable to each such period (ascertained in accordance with that sub-paragraph) as bears to the whole the same proportion as the number of days in that period during which he/she has such special responsibilities bears to the number of days in that period.
- 8.7 Appropriate adjustments will be made in respect of any basic or special responsibility allowance which
- (i) has already been paid under the previous scheme in respect of the remainder of the year from which this scheme has effect, or
 - (ii) is to be paid in respect of any part of the year during which the previous scheme had effect.

9 Claims and Payments

- 9.1 Payments in respect of both basic and special responsibility allowances and any applicable lump sum allowances will be made in installments of $\frac{1}{12}^{\text{th}}$ of the amount specified in this scheme on or before the last day of the month in arrears.
- 9.2 Where a payment of $\frac{1}{12}^{\text{th}}$ of the amount specified in this scheme in respect of a basic allowance or a special responsibility allowance would result in the Member receiving more than the amount which, by virtue of paragraph 8, he/she is entitled to receive, then the payment shall be restricted to such amount as will ensure that no more is paid than the amount to which he/she is entitled.

- 9.3 Claims for travel and subsistence allowances should be made on the approved forms together with supporting receipts to the Committee Administration Manager within two months of the date of the duty in respect of which the entitlements to the allowances arise. Claims not submitted in time will not be paid without the approval of the Chief Finance & Procurement Officer.

PART 9 – COMPLAINTS AND RELATED PROCEDURES

COMPLIMENTS AND COMPLAINTS POLICY

WHISTLE BLOWING PROCEDURE

PART 9 - COMPLAINTS AND RELATED PROCEDURES

COMPLIMENTS AND COMPLAINTS INFORMATION AND POLICY

Introduction

The purpose of the Compliments and Complaints Policy is to ensure that compliments and complaints are properly administered, recorded and acknowledged and, where necessary, investigated. Also, that those members of the public when lodging a complaint are treated in a fair, reasonable and consistent manner.

A Compliment is an expression of satisfaction with the service provided by the Fire Authority or its employees in the course of their duties.

A Complaint is an expression of dissatisfaction, however made, about the standard of service, actions or lack of action by the Authority or by its staff when acting in the course of their duties.

Compliments and complaints about service provision give an indication of how well the Authority is carrying out its functions and where improvements can be made where appropriate.

They can be received in a number of ways:

In person, by telephone or by letter using the contact details listed below:

West Yorkshire Fire and Rescue Authority
Oakroyd Hall
Bradford Road
Birkenshaw
West Yorkshire
BD11 2DY
Telephone 01274 682311

Alternatively visit your local fire station ([Local Stations](#))

By e-mail (complaints.compliments@westyorksfire.gov.uk)

Via the WYFRA website. ([Have Your Say](#))

If you require any assistance with making your complaint we will provide any reasonable adjustment or advice you require. If this is the case please contact the Service Standards Officer at Fire Service Headquarters on telephone number 01274 682311.

Compliments

All compliments received should be recorded in the station log. In addition, details should be forwarded electronically to Corporate Services via the Corporate Services Intranet site. Any written correspondence should be kept in the file held on stations, for inspection by Operational officers during Performance Management visits.

Complaints

The Service Standards Officer must be notified of all complaints and any action taken in response, via the Authority's E-mail system. The Service Standards Officer will maintain a record of all complaints received and will monitor their resolution.

Expressions of dissatisfaction concerning Authority policy or actions (or lack of action) by third parties will not fall within the scope of this policy. Where such expressions are received, they should be directed to the Service Standards Officer who will arrange for a written response to be made to the complainant and will maintain a separate record of such correspondence.

Resolution of Complaints

There are four stages of resolution:

Stage 1 - Complaints resolved at the point of receipt

Ideally dealt with by employees at the time or by the Watch Manager, Station Manager or Unit Head.

Stage 2 - Complaints resolved by the Service Standards Officer

Those complaints where the complainant is not satisfied with the response they have received from Stage 1.

Stage 3 - Complaints resolved by the Authority's Appeals Panel

Those complaints where the complainant is not satisfied with the response they have received from the Service Standards Officer.

Stage 4 - Complaints resolved by the Local Government Ombudsman

Those complaints where the complainant is not satisfied with the response they have received from the Authority's Complaints Appeals Panel.

Stage 1 - Complaints resolved at the point of receipt

On receipt of a complaint, a record should be made in the complaints log held by each station/department and if possible a copy of the Customer Service Guide should be given to the complainant.

The following details are required for the Complaints Log:

Name, Address and Telephone Number. (Unless anonymity is requested).
Details of the complaint. (Unless confidentiality is requested).
Date complaint made.
Details of action taken to resolve the complaint.
Date the Service Standards Officer was informed about the complaint.
Date of letter of acknowledgement.
Date(s) of any interim letters or visits to complainant.
Date of final letter. (This may be the only letter if the complaint is resolved immediately).
A request to speak to a Senior Officer (defined as Station Manager or above) must be recorded together with the action to notify an officer.

Whenever possible the employee receiving the complaint should try to resolve it immediately. If the complainant is satisfied with the explanation offered at this stage, no further action will be required. Details of the complaint should be recorded in the Complaints Log held on station. The person dealing with the complaint must then pass all relevant details to their line manager as soon as practicable.

If an immediate solution is not possible, the complainant should be reassured that the matter will be fully investigated, following which a written response will be made of the findings. If it is not possible to conclude the investigation and respond within 3 days of receipt, a letter of acknowledgement should be sent along with a copy of the Customer Service Guide.

If the Station Manager/Unit Head feels that a written reply of any description may cause unnecessary upset a 'Note for Case' supporting that decision should be prepared, retained in the appropriate Complaints File and a copy forwarded to the Service Standards Officer.

If the Service Standards Officer receives a complaint in the first instance, the appropriate Station Manager or Unit Head will be notified of all events and outcomes.

A Senior Officer will carry out a thorough investigation and send a full explanation (and an apology if appropriate) to the complainant within 7 days. The date of the letter should be recorded in the **Complaints Log**.

If the investigation, due to its complexity, requires more time to complete then a further letter(s) should be sent to the complainant at 7 day intervals keeping them informed of the progress of their complaint.

In cases where the complainant requests anonymity, details of the complaint must still be recorded in the complaints log but not details of the complainant. In such cases, the complainant should be reassured that the matter will be investigated fully but that it will not be possible to respond to them. A 'Note for Case' detailing the actions taken to

resolve the complaint should be sent to the Service Standards Officer. Where litigation may be brought against the Authority, or where the complaint may result in disciplinary action being taken, full details of the complainant must be recorded and the complainant must be informed that no guarantee of anonymity can be given.

If the complainant wishes to discuss the matter with a Senior Officer, or if they wish the nature of their complaint to remain confidential, the Service Standards Officer must be informed immediately (or First Call Group Manager if outside normal office hours) and the complainant contacted by that Officer within 1 hour.

In cases where the Station/Watch Manager or Unit Head feels that due to the nature of the complaint it cannot adequately be dealt with at a local level, it should be referred to the Service Standards Officer and the complaint progressed to **Stage 2**.

If during the course of the investigation the complainant believes they have been adversely treated in any way or if the complaint cannot be resolved to the satisfaction of the complainant, the Service Standards Officer is to be informed and the complaint will be progressed to **Stage 2**.

The Station Manager/Unit Head should forward all relevant documentation to the Service Standards Officer observing such precautions as are considered necessary to maintain confidentiality. Details of any complaint investigation should be kept secure at all times.

The Service Standards Officer will give assistance to all Authority employees requiring information or assistance on any aspect of the Complaints Procedure and can be contacted via the Corporate Services Section, Fire Service Headquarters.

Special Notes

Special Note 1 - Litigation

If the complaint may lead to any form of litigation against the Authority the Service Standards Officer must be informed as soon as possible. The Service Standards Officer will collect all material information and refer the matter to the Chief Legal & Governance Officer for consideration. The complaints procedure will be suspended during any action for litigation.

Special Note 2 - Discipline

If the complaint might result in disciplinary action being taken, the Service Standards Officer must be informed, who will pass all related information to the Brigade Investigating Officer (Chief Employment Services Officer). The complainant should be informed that it is being dealt with and the Complaints Procedure suspended.

Special Note 3 - Complaint involving a Member of the Authority

Complaints against Members are dealt with under a separate statutory procedure.

If you have a complaint about the conduct of an elected Member of the West Yorkshire Fire and Rescue Authority, please direct this in writing, to:

Mr M G Barnes BA
Chief Legal & Governance Officer
West Yorkshire Fire and Rescue Authority
Oakroyd Hall
Birkenshaw
West Yorkshire
BD11 2DY

Once a complaint has been received by the Authority's Monitoring Officer the relevant processes and procedures will be put in place to allow for its consideration.

Stage 2 - Complaints resolved by the Service Standards Officer

The Service Standards Officer will arrange to have a Group Manager/Commander or more senior officer investigate complaints which are referred to Stage 2 and will organise the tracking and monitoring of complaints to enable Executive Officers, Elected Members or the Commission for Local Administration in England (Local Government Ombudsman) to refer immediately to any complaint.

It is the responsibility of the Service Standards Officer to enable the public to exercise their right to complain about any failure by the Authority to meet the standard of service expected and to ensure that all the points at issue have been fully addressed.

The Service Standards Officer will assist complainants with communication difficulties in making contact with organisations, which can be of help to them in these situations.

The Service Standards Officer will make arrangements to discuss all aspects of the complaint with the Station Commander / Unit Head prior to informing the complainant of the results of the investigation and the decision reached.

A letter will be sent to the complainant giving the outcome of the investigation and informing them they must appeal within 21 days if they wish to do so.

If the matter cannot be resolved at Stage 2 to the satisfaction of the complainant, the Service Standards Officer will provide assistance to the complainant to enable the complaint to progress to Stage 3 of the Complaints Procedure. A letter explaining the procedure will be sent to the complainant.

Stage 3 - Complaints resolved by the Authority's Appeals Panel

If a complaint cannot be resolved at Stage 1 or 2, or if the complainant is dissatisfied with either the decision reached or the way in which their complaint has been dealt with, they have the right to put the matter before the Authority's Appeals Panel. If they wish the matter to be considered by the Appeals Panel they should write to the Service Standards Officer within 21 days of being notified of the decision at Stage 2.

On receipt of a Notice of Appeal, the Service Standards Officer will ensure that all relevant details and documentation are supplied to the Appeals Panel members and will make arrangements for them to examine the complaint.

The Appeals Panel will be made up of:

1. An Executive Officer.
2. An Area Manager / Group Manager from a function not associated with the complaint.
3. Human Resource Manager (Chief Employment Services Officer if Corporate Human Resource Manager is associated with the complaint or its investigation).

The Appeals Panel may wish to meet the complainant or their representative and hear the complaint first hand.

The Appeals Panel may require any personnel involved in the complaint or the investigation to provide the information necessary for them to investigate the matter fully.

The complainant will be informed of the decision of the Appeals Panel in writing as soon as possible but not later than 3 working days after the hearing. Further information and a booklet '**Local Government Ombudsman**' will be sent by the Service Standards Officer at this time.

Stage 4 - Complaints referred to the Local Government Ombudsman

If the complainant is still dissatisfied with the decision reached or with the way the complaint was handled, they may wish to take their complaint to the Local Government Ombudsman. The Service Standards Officer will give every assistance to the complainant in making contact with the Local Government Ombudsman. Thereafter the Service Standards Officer will refer the complaint file to the Chief Legal & Governance Officer who will assume responsibility for dealing with the Ombudsman.

Review

The Corporate Services team will review the Compliments and Complaints Policy every two years or sooner if necessary.

Monitoring Officer

The Local Government and Housing Act 1989 requires the Fire Authority to appoint a Monitoring Officer, whose role is to report to the Fire Authority any breach or possible contravention of legal requirements by the Fire Authority or its employees, or maladministration reported by the Local Government Ombudsman.

The Chief Legal & Governance is the appointed Monitoring Officer for the West Yorkshire Fire and Rescue Authority.

Complaints referred to the Monitoring Officer, which fall within the statutory responsibilities of the post, may be dealt with by the Chief Legal & Governance Officer outside of the Complaints Procedure.

PART 9 - COMPLAINTS AND RELATED PROCEDURES

WHISTLE BLOWING POLICY

1 PREAMBLE

- 1.1 Employees are often the first to realise that there may be something seriously wrong within the Authority. However, they may not express their concerns because they feel that speaking up would be disloyal to their colleagues or to the Authority. They may also fear harassment or victimisation. In these circumstances it may be easier to ignore the concern rather than report what may just be a suspicion of malpractice.
- 1.2 The Authority is committed to the highest possible standards of openness, probity and accountability. In line with that commitment we encourage employees and others with serious concerns about any aspect of the Authority's work to come forward and voice those concerns. It is recognised that certain cases will have to proceed on a confidential basis. This policy document makes it clear that employees can do so without fear of reprisals. This Whistleblowing Policy is intended to encourage and enable employees to raise serious concerns within the Authority, rather than overlooking a problem or blowing the whistle outside.
- 1.3 Whistleblowing (protected disclosure) legislation falls under the Public Interest Disclosure Act 1998. This policy takes account of the new whistleblowing provisions under the Enterprise and Regulatory Reform Act 2013 (ERRA). Whistleblowing should be made "in the public interest", as opposed to complaints about breaches of employees own contracts of employment, which should be raised as a grievance.

Note: There is no definition of "public interest" in the above Acts. This is likely to be determined by future case law.

- 1.4 This policy has been discussed with the relevant trade unions and professional organisations and has their support.

2 AIMS AND SCOPE OF THIS POLICY

- 2.1 This policy aims to:
- provide avenues for you to raise concerns and receive feedback on any action taken;
 - allow you to take the matter further if you are dissatisfied with the Authority's response;
 - and
 - reassure you that you will be protected from reprisals or victimisation from the employer and employees for whistleblowing.

2.2 There are existing procedures in place to enable you to lodge a grievance relating to your own employment. This whistleblowing policy is intended to cover concerns that the whistleblower reasonably believes are in the public interest and that fall outside the scope of other procedures. That concern may be about something that:

- is unlawful
- contravenes the Authority's Standing Orders, Financial Regulations or policies
- falls below established standards of practice
- amounts to improper conduct or corrupt practice

3 SAFEGUARDS

3.1 Harassment or Victimisation

The Authority recognises that the decision to report a concern can be a difficult one to make, not least because of the fear of reprisal from those responsible for the malpractice. The Authority will not tolerate harassment, bullying or victimisation and will take action to protect you when you raise a concern. Employees must not mistreat a whistleblower, as WYFRS may be held liable (vicarious liability) for any detriment inflicted on the whistleblowing employee by their colleagues, if the Authority has not taken reasonable steps to prevent this. This does not mean that if you are already the subject of disciplinary or redundancy procedures, that those procedures will be halted as a result of your whistle blowing.

3.2 Confidentiality

The Authority will do its best to protect your identity when you raise a concern and do not want your name to be disclosed. It must be appreciated that the investigation process may reveal the source of the information and a statement by you may be required as part of the evidence.

3.3 Anonymous Allegations

This policy encourages you to put your name to your allegations. Concerns expressed anonymously are much less powerful, but they will be considered at the discretion of the Authority.

In exercising the discretion, the factors to be taken into account would include:

- the seriousness of the issues raised;
- the credibility of the concern; and
- the likelihood of confirmation of the allegation from attributable sources.

3.4 Untrue Allegations

The Enterprise and Regulatory Reform Act 2013 (ERRA) removes the requirement that a disclosure be made in good faith in order to be a protected disclosure and benefit from whistleblowing protections.

If you make malicious or vexatious allegations, disciplinary action may be taken against you.

4 HOW TO RAISE A CONCERN

- 4.1 As a first step, you should normally raise concerns with your immediate manager or their superior or alternatively your representative body or the Corporate Diversity Officer (if the matter relates to fairness, Equality and Diversity or Dignity and Respect). This depends, however, on the seriousness and sensitivity of the issues involved and who is thought to be involved in the malpractice. If you believe that management is involved and you cannot for that reason raise it with your immediate manager, then you should approach the responsible officer with overall responsibility for the maintenance and operation of this policy.

- 4.2 Concerns are better raised in writing. You are invited to set out the background and history of the concern, giving names, dates and places where possible, and the reason why you are particularly concerned about the situation. If you do not feel able to put your concern in writing, you can telephone or meet the appropriate officer.
- 4.3 The earlier you express the concern, the easier it is to take action.
- 4.4 Although you are not expected to prove the truth of an allegation, you will need to demonstrate to the person contacted that there are sufficient grounds for your concern.
- 4.5 Advice and guidance on how matters of concern may be pursued can be obtained from:

You should note that matters of concern may be raised with either the Chief Legal and Governance Officer or the Chief Finance and Procurement Officer but ordinarily the Chief Finance and Procurement Officer will only deal with matters of concern about alleged contravention of Financial Standing Orders / Regulations and any matters in which it is believed that the Chief Legal and Governance Officer may have an involvement or conflict of interest. Otherwise, matters of concern about action which is believed to be unlawful and may contravene Authority Standing Orders (including contract Standing Orders), conduct falling below established standards of practice, improper or corrupt practice should be raised with the Chief Legal and Governance Officer.

Communication with either officer may be by means of personal appointment, telephone, fax, e-mail or ordinary mail. If requested, special envelopes can be provided in order to protect the confidentiality of any communication.

- 4.6 You may invite your trade union or professional association to raise a matter on your behalf.

5 HOW THE AUTHORITY WILL RESPOND

- 5.1 The action taken by the Authority will depend on the nature of the concern. The matters raised may:

- be investigated internally;
- be referred to the Police;
- be referred to the external Auditor;
- form the subject of an independent inquiry.

- 5.2 In order to protect individuals and the Authority, initial enquiries will be made to decide whether an investigation is appropriate and, if so, what form it should take. Concerns or allegations which fall within the scope of specific procedures (for example, discrimination issues) will normally be referred for consideration under those procedures.

- 5.3 Some concerns may be resolved by agreed action without the need for investigation.

- 5.4 Within ten working days of a concern being received, the Authority will write to you:

- acknowledging that the concern has been received;
- indicating how it proposes to deal with the matter;
- giving an estimate of how long it will take to provide a final response;
- telling you whether any initial enquiries have been made, and
- telling you whether further investigations will take place, and if not, why not.
